Meet the Modules

How Traverse Helps You Work Smarter

traverse®

Document Management

The heart of Traverse: capture, store, and organize case content in a secure digital file

Forms Management

Fill out, sign, and share forms from anywhere—no printer or fax machine needed

Case Discovery 2.0

AI-powered, faster summaries, timelines, and insights that help staff focus on decisions, not paperwork.

Workflow

Automate how tasks and documents move through your agency

Traverse Connect

Secure collaboration for clients, families, and providers outside your agency

Traverse Reports

Turn real-time case data into performance insight

Ada

Conversational policy assistant delivering real-time, accurate eligibility guidance to reduce errors and boost confidence.

Family Mapping

Visualize connections across the case to quickly identify kin, support networks, and safer placement options.
